Healthsystems Receives Full URAC Accreditation for Workers' Compensation and Property and Casualty Pharmacy Benefit Management

Tampa, FL — Healthsystems LLC (Health**e**systems) announced today that it has been awarded full accreditation for Workers' Compensation and Property and Casualty Pharmacy Benefits Management from URAC, a Washington, DC-based health care accrediting organization that establishes quality standards for the health care industry. URAC accreditation sets industry-wide clinical and operational standards and brings a recognizable seal of quality to accredited organizations.

"Achieving URAC accreditation is another great illustration of our ongoing commitment to continuous quality improvement," stated Daryl Corr, President of Healthsystems. "This accreditation validates our quality management approach towards providing our clients with the most complete program for managing all aspects of pharmacy therapy."

As a workers' compensation medical cost management company specializing in pharmacy, and ancillary benefits management services, Healthsystems focuses on providing innovative and flexible programs using industry leading technology and comprehensive clinical services.

"Healthsystems should be commended for meeting strict quality standards," said Alan P. Spielman, URAC president and CEO. "It is critically important for organizations to make a commitment to quality and accountability. URAC accreditation is a demonstration of that commitment."

In addition to the URAC accreditation, Healthsystems maintains other quality initiatives such as SAS 70 Type II Audits and designations such as Microsoft Gold Partner Certification.

URAC, an independent, nonprofit organization, is a leader in promoting health care quality through accreditation and certification programs. URAC's standards keep pace with the rapid changes in the health care system, and provide a mark of distinction for health care organizations to demonstrate their commitment to quality and accountability. Through its broad-based governance structure and an inclusive standards development process, URAC ensures that all stakeholders are represented in setting meaningful standards for the health care industry.
